MEETING OF INDUSTRIALISTS – UNDER MIA

Manali Industries Association is playing a key role in addressing common issues of the member industries and organising various developmental activities in this Region.

To strengthen bonding among our Association Members and to have better synergy it was felt that the business strategy and product pattern of each member is known in advance and discussed in a coordinated manner.

As a step towards achieving the above objective, an interactive session was conducted on 17th February 2017 at CPCL's Corporate Office, Teynampet. Mr. Gowtam Roy, MD, CPCL and President MIA chaired the meeting, which was attended by top executives of the

Member Industries. CPCL presented their long term strategies of Manali as well as Nagapattinam refinery. Other industries expressed their interests in building downstream petrochemical units and shared some of their long term plans.

Some of the common issues like Emergency Response Centre for Manali, Traffic congestion all around Manali Industrial area and the issue of unauthorized settlement around the industries was also taken up for discussion during the meeting.

Some of the photographs taken during the meeting is presented below.
